This impressive property is gorgeous inside & out! From the park-like setting with a pond, fountain & waterfall â to the log/wood accents throughout - this place was made for entertaining. Just stepping into the gourmet kitchen will inspire your inner Julia Child or Bobby Flay. The expansive Master Suite will take your breath away â includes private living area with a corner rock fireplace, large Master bath with double bowl sinks & Jacuzzi tub, plus a vast WIC. Come see the Home Theater with tiered seating, large private office with extras, exercise room with shower/sauna, massive stone fireplace in great room & full open bar, plus an entire indoor/outdoor entertainment wing with automatic roll up windows & full kitchen/bar area. The 2nd home on this property was built in 2005 & has many features you will appreciate. This is your very own Paradise!
